

Growing to Better Serve Our Customers

Two proud names in the roofing industry were brought together on May 7, 2001. Texas ReRoofing Company of Waxahachie and City Service Roofing Company of Omaha, Nebraska merged operations under the City Service banner. This merger promises to expand the company's ability to service residential and commercial customers throughout the United States.

Established in 1982 by John Webb Sr., Texas ReRoofing Company grew from humble beginnings. With a single office in Ft. Worth and first year sales of \$250,000, the company quickly expanded with offices in Wichita Falls, Amarillo, Lubbock, Abilene, and Houston. In 1988 Oklahoma ReRoofing Company was established with offices in Oklahoma City, Enid, Ponca City, and Duncan. Two short years later, in 1990, the company was on the move again adding Colorado ReRoofing Company in Englewood Colorado to serve customers in the Denver market.

All three companies were consolidated under the name Texxon Enterprises Inc., a privately held Texas Corporation, headquartered in Waxahachie, Texas. John Webb, Sr. explains the success this way "We grew the company like a garden; planting seeds in underserved areas and providing attention to customer satisfaction. Soon we had a superior reputation and the company blossomed." Indeed, in 1991 with sales in excess of 6 million, Texxon Enterprises was recognized as the 256th fastest growing company in America by *INC. Magazine*.

City Service Roofing Company was established in 1998 to serve roofing needs of Omaha, Nebraska. With a commercial focus, City Service Roofing quickly gained a reputation as a "can do" roofing company tackling difficult and often exotic roofing projects.

Soon, City Service expanded far beyond its Nebraska home. From historic slate churches in the "French Quarter" of New Orleans, to large commercial flat buildings with the newest high-tech roofing materials; City Service Roofing Company has the ability to handle difficult projects under the most adverse circumstances. A knowledgeable, well trained sales staff and highly skilled labor, are the key ingredients to the company's success. City Service Roofing Company has earned an excellent reputation among engineering, development, and property management professionals.

City Service Roofing Company operates in Nebraska, Iowa, South Dakota, Wyoming, Louisiana, Minnesota, Illinois, Maryland and Virginia.

The newly merged City Service Roofing Company is headquartered in a new company owned 10,000 square foot facility located at 2250 W. Business Highway 287 in Waxahachie, Texas. To better serve our customers and employees, regional service centers are located in Omaha and Kearney, Nebraska, Lubbock, Texas, Sioux City, Iowa, and Rockville, Maryland; with a new location opening in Cheyenne, Wyoming.

President and general-manager, John Webb, Jr., recently instituted an expanded customer care program. "Our goal is one hundred percent customer satisfaction. Immediate response and total satisfaction is what our customers expect and what they deserve."

City Service Roofing Company is a proud member of the National Roofing Contractors Association, the Better Business Bureau of Dallas, Ft. Worth, Omaha, Sioux City, and Washington D.C.
